EDUCATION

Dr. Babasaheb Ambedkar Technological University

Lonere, Maharashtra

B.Tech in Computer Science & Engineering

Graduation, May 2025

Expected

CGPA: Pursuing

PROFILE SUMMARY

A highly motivated and enthusiastic engineering student seeking a challenging role in a dynamic organization to utilize my technical skills and knowledge with a strong foundation in software development, data structures, and algorithms. Proficient in languages such as C, C++, Python, Mysql, DBMS with hands-on experience through internships and academic projects.

COURSES & CERTIFICATIONS

- | | |
|-------------------------------|------------------|
| • HTML CSS (UDEMY) | (Sep - Oct 2022) |
| • Python (UDEMY) | (Mar- Apr 2023) |
| • DBMS MYSQL (UDEMY) | (Dec - 2023) |

PROJECTS

1. Weather App

FEB 2024- Current

Editor: Python IDLE, Pycharm ,VSCode

Used Technology: Python

- The weather application will provide users with real-time weather information, forecasts, and other weather-related data, which can help them make better decisions about their day-to-day activities.

Responsibilities:

- Developed a responsive GUI interface utilizing the Tkinter Module, ensuring seamless accessibility across 3 device types: desktops, tablets, and mobile devices for an enhanced user experience in resume creation.
- Implemented by using API [Application Program Interface] key secure access to the application.
- Provide real-time weather updates, including temperature, pressure, Humidity, sunrise & sunset and cloud.

2. Resume Builder

June 2024- Current

Editor: Python IDLE, Pycharm ,VSCode

Used Technology: Python

- The resume builder project aims to provide a user-friendly platform for individuals to create professional resumes quickly and efficiently. The project will involve that guides users through the process of inputting the information, work experience, education, and skills, Then system will make resume format.

Responsibilities:

- Create an intuitive and user-friendly interface that allows users to easily input and format their information. This includes designing templates, sections, and visual elements.
- Developed a responsive GUI interface utilizing the Tkinter Module, ensuring seamless accessibility across 3 device types: desktops, tablets, and mobile devices for an enhanced user experience in resume creation.

- Developed comprehensive input forms that facilitated user entry of personal details, work experience, education, and skills; enhanced data collection efficiency by reducing average form completion time from 15 minutes to just 8 minutes.

INTERNSHIP

MYSQL & DBMS programming at **LearnSmasher**. (30Jul-Aug 30 2023)

Python with hands on Project at **Webcode**. (1Jul-Aug 30 2024)

EXTRA CURRICULAR ACTIVITIES

Sports Coordinator (RANSANGRAM 2023-24) at **MSS's CET Jalna**.

Responsibilities:

- plays a vital role in promoting and managing the institution's programs.
- Their responsibilities encompass a wide range of tasks, starting with the development and implementation of diverse sports programs that cater to students of varying skill levels.
- responsible for organizing and overseeing events, such as competitions and tournaments, ensuring that these activities run smoothly and effectively.

SKILLS

Programming: Python, HTML/CSS, SQL,DBMS,C++, C

Tools: VC Code, PyCharm,PythonIdle

STRENGTH & HOBBIES

- Hard & Smart Working
- Coding
- Reading book, Playing Cricket
